INDEPENDENT AUDITORS' REPORT

Board of Directors
Education Trust Board of New Mexico and
Mr. Brian Colón, Esq., New Mexico State Auditor
Santa Fe, New Mexico

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the aggregate remaining fund information of the Education Trust Board of New Mexico (the Board), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, and the aggregate remaining fund information of the Board as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note 1, the financial statements of the Board are intended to present the financial position and changes in financial position of the Board. They do not purport to, and do not present fairly, the financial position of the entire State of New Mexico as of June 30, 2021, and the changes in its financial position, or where applicable, its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5-14 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Board's basic financial statements. The schedules listed as Supplementary Information and information listed as Other Supplementary Information in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

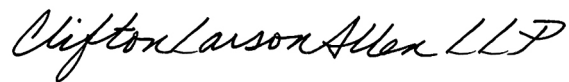

The schedules listed as Supplementary Information in the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules listed as Supplementary Information in the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Board of Directors
Education Trust Board of New Mexico and
Mr. Brian Colón, Esq., New Mexico State Auditor

The information listed in the table of contents as Other Supplementary Information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 29, 2021, on our consideration of the Education Trust Board of New Mexico's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Education Trust Board of New Mexico's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021**

The following discussion and analysis provides an overview of the financial position and activities of the Education Trust Board of New Mexico (NMETB) as of and for the year ended June 30, 2021. This discussion should be read in conjunction with the accompanying financial statements and notes.

EDUCATION TRUST BOARD OF NEW MEXICO

NMETB operates as a self-sustaining state entity which is administratively connected to the New Mexico Department of Higher Education (NMHED). NMHED was created as a state agency in 2005 and NMSA 1978 §21-21K-4 (A) (1997) administratively attaches NMETB to NMHED. Case law holds that an administratively attached entity is a "constituent agency." Constituent agencies have the same legal status as their "parent" agency.

NMETB was established by New Mexico statute 21-21K-4 NMSA 1978 (Education Trust Act), which gives NMETB the authority to promulgate rules to carry out the Act, protect the financial integrity of the IRS 529 college savings plans, and to establish and maintain the program in compliance with Section 529 of the Internal Revenue Code. NMSA 1978 §21-21K-3 and §21-21K-5 give authority to enter into contracts with investors, review fund investments, pay institutions of higher education on behalf of beneficiaries, be a party to college investment agreements and approve circumstances for pre-designation of the beneficiary, and establish a refund policy.

FINANCIAL

The assets of NMETB exceeded its liabilities at June 30, 2021 by approximately \$10.9 million (net position). The entire amount is considered restricted net position and may be used to meet NMETB's ongoing

The fiduciary funds had an increase in net position of approximately \$275 million or 11.4% from prior year.

OVERVIEW OF FINANCIAL STATEMENTS

This financial report is comprised of four components: 1) management's discussion and analysis (this section), 2) the basic financial statements, 3) notes to the financial statements, and 4) supplementary information.

The basic financial statements consist of the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, the Statement of Cash Flows and the notes thereto. The NMETB follows enterprise fund accounting. The financial statements offer information about the NMETB's activities and operations.

**EDUCATION TRUST BOARD OF NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021**

OVERVIEW OF FINANCIAL STATEMENTS, continued

The statement of net position presents information on all of NMETB's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Administrative Fund is improving or deteriorating.

The Statement of Revenues, Expenses and Changes in Net Position reports how NMETB's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. The focus of the statement of activities is on both the gross and net cost of activities.

The final required financial statement is the Statement of Cash Flows. The primary purpose of this statement is to provide information about the NMETB's cash receipts and cash payments during the reporting period. The statement reports cash receipts, cash payments and net changes in cash resulting from operating, noncapital financing, capital and related financing and investing activities. The statement also provides information regarding the sources and uses of cash and the change in the cash balance during the reporting period.

The enterprise activities reflect NMETB's basic services, which include the administration of the Scholar's Edge and The Education Plan. These services are financed primarily through program fees and other general revenues (Investment Income).

Fiduciary fund financial statements present information about the status of the Scholar's Edge and The Education Plan fiduciary activities of NMETB. The financial statements are accompanied by notes that are essential to a full understanding of the financial information in this report.

FINANCIAL ANALYSIS - ENTERPRISE ACTIVITIES

Net Position. Assets of enterprise activities exceeded enterprise activities liabilities by approximately \$10.9 million at June 30, 2021. The following table summarizes NMETB's summarized assets, liabilities, and net position as of June 30:

FIDUCIARY FUNDS BACKGROUND INFORMATION

Scholar's Edge (Advisor Sold) and The Education Plan (Direct Sold). Scholar's Edge and The Education Plan (Plans) were established by NMETB. The Plans are maintained by the State of New Mexico and are administered by NMETB, which serves as trustee of the Education Trust of New Mexico (Trust). NMETB has the authority to appoint a Program Manager, adopt rules and regulations to implement and administer the Plans and Trust, and establish investment policies for the Trust. Both Plans are accounted for as fiduciary private trust funds.

For The Education Plan, Ascensus College Savings Recordkeeping Services, LLC, the Program Manager, and its affiliates (Ascensus), have overall responsibility for the day-to-day operations, including investment advisory, recordkeeping and administrative services, and marketing.

For Scholar's Edge, Ascensus College Savings Recordkeeping Services, LLC, serves as the Program Manager, and is responsible for the day-to-day operations of the Plan. Principal Global Investors, LLC (PGI or Principal), by delegation from Ascensus, serves as the investment advisor to the Plan and provides investment management services to the Plan. Principal Funds Distributor, Inc. (PFD) serves as the distributor of the Plan.

The Plans are a savings vehicle for higher education expenses under Section 529 of the U.S. Internal Revenue Code of 1986, as amended (Section 529). The Plans are comprised of a variety of different investment portfolios. These portfolios offer different asset allocation mixes to investors based on their needs, time frames, and risk tolerances.

Total Liabilities	1,877	1,700
NET POSITION HELD IN TRUST FOR INDIVIDUALS	\$ 2,010,524	\$ 1,839,964

The investments of the Portfolios increased by approximately \$171 million from 2020 to 2021 mainly due to net increase in fair market value of investments. 2020 had net shareholder redemptions of approximately \$118 million; and 2021 had net shareholder redemptions of approximately \$101 million.

The liabilities consisted of program fees, marketing and advertising and accounting and auditing expenses incurred but not yet paid as of June 30.

NET POSITION HELD IN TRUST FOR INDIVIDUALS - END OF YEAR	\$ 2,010,524	\$ 1,839,964

Investment income is comprised of dividend and interest income; expenses are primarily management, distribution, and administrative fees.

Change in net position held in trust for individuals increased from prior year primarily due to favorable market conditions increasing overall fair value of investments. The decrease in subscriptions is due to complete turnover of portfolio in fiscal year 2020 due to transition to new program management.

BUDGET

NMETB adopts an annual budget for the Administrative Fund based upon the recommendation of program staff. NMETB's budget is established through an annual budget adjustment request, subject to the review of the New Mexico Department of Finance and Administration (DFA) and the New Mexico Legislative Finance Committee (LFC). NMETB is not included in the General Appropriations Act (GAA) and does not receive state general fund appropriations, therefore, cash balances remaining at the end of the year do not revert to the New Mexico State General Fund.

Administrative Fund revenues of approximately \$3.1 million were not included in the budget. Actual expenditures of approximately \$2.7 million were less than budgeted expenditures of approximately \$3.1 million.

PROGRAM MANAGEMENT

Ascensus serves as the program manager for Scholar's Edge and The Education Plan. Ascensus is the largest provider of 529 recordkeeping and administrative services in the country.

ECONOMIC OUTLOOK

NMETB's economic outlook is closely related to the activities and status of the public investment markets. NMETB's Administrative Fund is dependent upon the automatic fee deposit that is made every month, as a percentage of the net position that resides in the two 529 savings plans: Scholar's Edge and The Education Plan. NMETB operates as a self-sustaining state entity and has three full-time equivalent employees. The State of New Mexico does not appropriate to NMETB any budgeted amounts. Beginning in early 2020, governments and central banks reacted to the COVID-19 pandemic with monetary interventions designed to stabilize economic conditions. In addition, treatments to prevent the illness or reduce the severity of the illness were rapidly developed and released. As a result of these developments world markets substantially recovered during fiscal year 2021. The fiduciary funds had an increase in net position during the fiscal year mainly due to the increase in the fair market value of investments. Nevertheless, the duration and extent of the impact of the COVID-19 outbreak, as well as the continued effectiveness of government and central bank responses, remains unclear at this time.

EDUCATION TRUST BOARD OF NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE A - ORGANIZATION AND BACKGROUND

The Education Trust Board of New Mexico (NMETB) operates as a self-sustaining state entity which is administratively connected to the New Mexico Department of Higher Education (NMHED). NMHED was created as a state agency in 2005 and NMSA 1978 §21-21K-4 (A) (1997) administratively attaches NMETB to NMHED. Case law holds that an administratively attached entity is a "constituent agency." Constituent agencies have the same legal status as their "parent" agency. NMETB does not have any component units.

NMETB was established by New Mexico statute 21-21K-4 NMSA 1978 (Education Trust Act) gives NMETB the authority to promulgate rules to carry out the Act; protect the financial integrity of the IRS 529 college savings plans; and preserve program benefits and ensure appropriate use of tax benefits. NMSA 1978 sections 21-21K-3 and 21-21K-5 gives authority to enter into contract with investors, review investments, and pay institutions of higher education on behalf of beneficiaries, be a party to college investment agreements and approve circumstances for predesignation of the beneficiary, and establish a refund policy.

NMETB is the governing body for New Mexico's IRS section 529 college savings plans and their administration. Members are appointed by the Governor, Senate Pro Tem, and Speaker of the House of Representatives. The NMETB is responsible for making rules and regulations for the development and implementation of the Education Trust Act.

NMETB's financial statements include the statement of net position, statement of revenues, expenses and changes in net position, and statement of cash flows of the Administrative Fund, and the fiduciary funds statements of financial position and change in financial position. They are not intended to present the financial position or changes in financial position of the State of New Mexico. However, the funds are part of the primary government of the State of New Mexico, and their financial data is included with the financial data of the State of New Mexico.

NMETB's Administrative Fund is an enterprise fund used to account for the administrative operations of the NMETB. Scholar's Edge and The Education Plan College Savings Program (Plans) are NMETB's fiduciary funds used to account for New Mexico's IRS section 529 college savings plans. The Plans are maintained and administered by the Board, which serves as trustee of the Education Trust of New Mexico (Trust). The Board has the authority to appoint a program manager, adopt rules and regulations to implement and administer the Plans, and establish investment policies.

The Plans are a savings vehicle for higher education expenses under Section 529 of the U.S. Internal Revenue Code of 1986, as amended (Section 529). The Plans are comprised of 55 different investment portfolios (Portfolios).

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE A - ORGANIZATION AND BACKGROUND (continued)

Financial Statements. The statement of net position, statement of revenue, expenses, and changes in net position, and statement of cash flows, provide operational accountability information for NMETB as an economic unit. They report the entity's ability to maintain service levels and continue to meet its obligations as they come due.

The accounts of NMETB are organized on the basis of funds, each of which is considered to be an independent fiscal and accounting entity. The operations of each fund are accounted for within separate sets of self-balancing accounts, which comprise its assets, liabilities, net position, revenues, expenses, and other financing sources and uses.

Funds include the Administrative Fund (Fund 11250), an enterprise fund, and the Scholar's Edge Fund (Fund 50580) and The Education Plan (Fund 50480), both Private-Purpose Trust Funds which are fiduciary in nature as the assets are held in trust for the benefit of plan recipients.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. For financial purposes, NMETB is considered an enterprise fund engaged in business-type activities. The financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting in conformity with U.S. generally accepted accounting principles. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when incurred, regardless of when the related cash flow takes place. Revenue from grants, entitlements, and contributions is recognized in the fiscal year in which eligibility requirements have been satisfied.

As fiduciary funds, the Scholar's Edge and The Education Plan financial statements are presented using the economic resources measurement focus and the accrual basis of accounting in conformity with generally accepted accounting principles in the United States as defined by the Governmental Accounting Standards Board (GASB). Under this method of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of the related cashflows.

Dividends of equity securities are recognized as they are earned and become measurable and available to pay liabilities of the current period.

Net Position. The difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources, is referred to as net position. Net position is categorized as net investment in capital assets (net of related debt), restricted, and unrestricted, based on the following:

EDUCATION TRUST BOARD OF NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Restricted Net Position. Third-party statutory limitations on their use. When there is an option, NMETB spends restricted resources first. Restricting statute for net position is 21-21K-4 NMSA 1978 – Education Trust Act. Restricted net position was \$10,873,894 at June 30, 2021.

Unrestricted Net Position reflects net position of the NMETB not restricted for any project or other purpose. NMETB had no unrestricted net position at June 30, 2021.

Cash, Cash Equivalents and Investments. Cash equivalents are defined as highly liquid investments with original maturities of three months or less. NMETB Administrative Fund’s cash and cash equivalents consist of cash held at the New Mexico State Treasurer’s Office invested in the General Fund Investment Pool and Local Government Investment Pool.

Security Valuation. Each Portfolio calculates the net asset value of its units as of the close of The New York Stock Exchange (Exchange), normally 4:00 P.M. Eastern time, on each day the Exchange is open for trading, except in the case of a scheduled early closing of the Exchange, in which case the Plans will calculate net asset value of the units as of the scheduled early closing of the Exchange. The net asset values of the Underlying Investments are determined as of the close of the Exchange, on each day the Exchange is open for trading. Short-term “money market type” debt securities with remaining maturities of sixty days or less are valued at amortized cost (which approximates fair value); “money market type” debt securities with no contractual maturities or redemption amounts are valued at fair value.

Each investment asset or liability of the Portfolio is assigned a level at measurement date based on the significance and source of the inputs to its valuation. Various data inputs are used in determining the value of each of the Portfolios’ investments as of the reporting period end. These data inputs are categorized in the following hierarchy:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities that can be accessed at the measurement date
- Level 2 Inputs other than unadjusted quoted prices that are observable for the asset or liability either directly or indirectly
- Level 3 Significant unobservable inputs

As of June 30, 2021, and without consideration as to the classification level of the specific investments held, the Plan classifies its investment in the Underlying Investments as Level 1.

Principal GO	318,585,328			
	433,744,978			
	\$ 2,688,281,649			

Guaranteed Investment Contracts (GICs). GIC's are contractual arrangements, not securities and are therefore not subject to custodial credit risk. However, there is a risk that an insurance company could fail to perform its contractual obligations for financial or other reasons.

The New York Life Guaranteed Interest Account (GIA), a stable value product, is a general account group annuity contract seeking to provide a low-risk, stable investment option by providing a guarantee of principal and accumulated interest. The GIA is invested in a fixed income portfolio within New York Life's general account, and invested primarily in a conservative array of securities and cash-equivalent investments in accordance with the investment restrictions of New York Insurance Law. The GIA is valued at \$1.00 book value and gets rated nightly.

Security Valuation, (continued)

Guaranteed Investment Contracts (GICs), (continued)

The Principal Guaranteed Option (PGO) is a fixed income investment option focused on capital preservation and return. The PGO is valued daily at the net asset value of units in the fund (NAV). The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The valuation method for investments measured at the net asset value (NAV) per share (or its equivalent), as of June 30, 2021 is presented in the following table:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Principal GO	318,585,328	-	Daily	Daily

Security Transactions: Security transactions are recorded on the trade date. Realized gains and losses on securities sold are determined on the high cost method.

Contributions, Withdrawals, and Distributions. There is an unlimited number of no par value units that can be issued. Contributions and withdrawals are recorded at the unit value determined on the valuation date following receipt of notice of the contribution or withdrawal. Contributions and withdrawals are subject to sufficient advance notifications as outlined in the Plan Description and Participation Agreement. The portfolios' unit values (net asset values) are determined daily. Net investment income for all portfolios is retained and reflected in the net asset value of each portfolio.

Investment Income and Dividends. Dividend income is recorded on the ex-dividend date. Noncash dividends included in dividend income, if any, are recorded at the fair value of the securities received.

Interest income, which includes accretion of discount and amortization of premium, is accrued as earned. Income and capital gain distributions from the Underlying Investments are recorded on the ex-dividend date. Dividends from income are included in investment income and capital gain distributions are included in net increase in fair value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Allocation of Income, Expenses, Gains and Losses. Income, expenses (other than those attributable to a specific class), gains, and losses are allocated on a daily basis to each class of units based upon the relative proportion of net position represented by such class. Operating expenses directly attributable to a specific class are charged against the operations of that class.

Use of Estimates. The preparation of financial statements, in conformity with accounting principles generally accepted in the United States, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Revenues and Expenses. Operating revenues include activities that have the characteristics of an exchange transaction as well as those that relate directly to finance the administration of the Scholar's Edge and The Education Plans. Operating Revenues consists of Program Fees and related Marketing Grass Roots revenue. Operating expenses include activities that have the characteristics of an exchange transaction such as a) employee salaries, benefits, and related expense; b) utilities, supplies, and other services; and c) professional fees.

Budget. NMETB adopts an annual budget for the Administrative Fund based upon the recommendation of program staff. NMETB's budget is established through an annual budget adjustment request, subject to the review of the New Mexico Department of Finance and Administration (DFA) and the New Mexico Legislative Finance Committee (LFC). NMETB is not included in the General Appropriations Act (GAA) and does not receive state general fund appropriations, therefore, cash balances remaining at the end of the year do not revert to the New Mexico State General Fund.

EDUCATION TRUST BOARD OF NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE C - CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents reported in the Administrative Fund at June 30, 2021 include a balance of \$10,345,323 invested with New Mexico State Treasurer's Office (STO) Local Government Investment Pool (LGIP). LGIP deposits are not guaranteed or insured by the State of New Mexico, the Federal Deposit Insurance Corporation (FDIC), the Federal Reserve Board, or any other agency or bank. These deposits involve certain investment risks and returns are not guaranteed. The LGIP is valued at amortized cost. Additional disclosures regarding LGIP are posted at the STO website at www.nmsto.gov, and available for review by participants at any time. As of June 30, 2021, STO provides the following disclosure regarding the LGIP holdings:

New Mexico LGIP AAAM Rated \$10,345,323 [48] day WAM (R); [78] day WAM (F)

Limitations or restrictions on withdrawals:

- Amounts less than \$30 million may be withdrawn within 24 hours of notice to the STO;
- Amounts of \$30 million to \$60 million require notice of 2 business days to the STO;
- Amounts of \$60 million to \$100 million require notice of 5 business days to the STO;
- Amounts in excess of \$100 million require notification of 10 business days to the STO.

Funds are withdrawn from the LGIP one business day prior to transfer to maintain the liquidity of the LGIP for all participants. With prior approval by the LGIP Bureau Chief or a designee, participant withdrawals made within the 24-hour limitation will be treated as an emergency withdrawal. Participants will be charged an emergency withdrawal fee to cover the cost of the emergency wire. Emergency withdrawal requests must follow the withdrawal procedure outlined above and must include a letter explaining the emergency. The LGIP Bureau reserves the right to decline any emergency withdrawals.

Stability Protection—Notwithstanding the withdrawal guidelines, the STO reserves the right to limit participant withdrawals if the State Treasurer determines that doing so is required to ensure the stability of the LGIP.

The State General Fund Investment Pool balance held by the New Mexico State Treasurer was \$596,084 at June 30, 2021. Funds can be withdrawn from the New Mexico State Treasurer as needed. However, 2.2.2.12(A)(14) NMAC requires NMETB to report this cash balance as an investment. All earnings on deposits are retained by the New Mexico State Treasurer's Office General Fund investment pool; therefore, from the NMETB's perspective, the balances are noninterest bearing and stated at cost. The New Mexico State Treasurer deposits public monies with New Mexico financial institutions in denominations which generally are in excess of the \$250,000 insurance coverage provided by federal agencies.

EDUCATION TRUST BOARD OF NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE C - CASH AND CASH EQUIVALENTS AND INVESTMENTS (continued)

Accordingly, the New Mexico State Treasurer requires the depository financial institutions provide additional collateral for such investments. The collateral generally is in the form of marketable debt securities and is required in amounts ranging from 50% to 102% of the par value of the investment dependent upon the institutions operating results and capital. Collateral is required in amounts equal to 50% of the average investment balance. To obtain pledged collateral, investment risk, custodial credit risk, and insurance coverage information for the NMETB's investment in the New Mexico State Treasurer's General Fund investment pool, a copy of separately issued financial statements as of June 30, 2021 can be obtained from the New Mexico State Treasurer's Office. All collateral is held in third-party safekeeping.

Interest Rate Risk—The New Mexico State Treasurer's Office has an investment policy that limits investment maturities to five years or less on allowable investments. This policy is a means of managing exposure to fair value losses arising from increasing interest rates. This policy is reviewed and approved annually by the New Mexico State Board of Finance.

Credit Risk—The New Mexico State General Fund Investment Pool is not rated.

For additional GASB 40 disclosure information regarding cash held by the New Mexico State Treasurer, the reader should see the separate audit report for the New Mexico State Treasurer's Office for the fiscal year ended June 30, 2021.

The schedule of individual deposit accounts that the Administrative Fund held as of June 30, 2021 is presented as supplemental information to these financial statements.

Cash and cash equivalents reported in the Scholar's Edge and The Education Plan are nonpublic participant deposits. Funds are managed by the program manager of the Plans, Ascensus, and are held by a custodian, Bank of New York Mellon, a reputable financial institution. However, cash is typically transferred out of the account to be re-invested and allocated to the underlying investments on a trade date plus one business day basis.

NOTE D - INVESTMENT RISK

Certain investments are subject to investment risk based on the amount of risk in the underlying investments. The NMETB has adopted GASB Statement No. 40, Deposit and Investment Risk Disclosures. The standard requires disclosure of essential risk information about deposits and investments. Investments of the NMETB are uninsured and are held in the NMETB's name.

EDUCATION TRUST BOARD OF NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE D - INVESTMENT RISK (continued)

Custodial Credit Risk. Custodial credit risk is the risk that, in the event of a failure, the NMETB's deposits and investments may not be returned promptly. Because investments of the NMETB are generally in mutual funds and other Underlying Investments, this risk is significantly mitigated.

Credit Risk. Credit risk is the risk that an issuer of an investment will not fulfill its obligations. The NMETB invests directly in Underlying Investments. For registered Underlying Investments, prospectuses provide greater detail about the investment strategies and practices in compliance with federal regulations and specifically, the Form N-1A of the Investment Company Act of 1940. Form N-1A discloses information investment and policies objectives, as well as information on the company structure and operations. In addition, Program Disclosure Statement and the Participation Agreements provide greater detail about the credit risk, if any, associated with nonregistered Underlying Investments.

Interest Rate Risk. Interest rate risk refers to value fluctuations of fixed-income securities resulting from the inverse relationship between price and yield. The market value fluctuations of fixed-income securities already held will not affect the interest payable on those securities. However, the fluctuations will affect the market value and in turn will affect net asset values.

Foreign Currency Risk. Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment in a foreign security. NMETB's Underlying Investments invest in assets denominated in various foreign currencies in pooled vehicles. For registered Underlying Investments, prospectuses provide greater detail about the investment strategies and practices, in compliance with federal regulations and specifically, the Form N-1A of the Investment Company Act of 1940. Form N-1A discloses information and policies about the Underlying Investment and its investment objectives, as well as information on the company structure and operations. In addition, the Program Disclosure Statement and the Participation Agreement provide greater detail about the risks of investing in foreign currencies by certain nonregistered Underlying Investments. NMETB does not have a specific policy addressing foreign currency risk.

Concentration of Credit Risk. NMETB's investment policy requires diversification of the portfolio, but does not specify maximum amounts that can be invested in any one investment vehicle, maturity, issuer, or class of securities.

NOTE E - ACCOUNTS RECEIVABLE

The accounts receivable reported in the Administrative fund in the amount of \$159,853 represent the administrative fee revenues earned in June 2021 but collected in July 2021.

NOTE F - RETIREMENT BENEFITS - PUBLIC EMPLOYEES RETIREMENT ASSOCIATION

NMETB, as part of the primary government of the State of New Mexico, is a contributing employer to a cost-sharing multiple employer defined benefit pension plan administered by the Public Employees Retirement Association (PERA). Disclosure requirements for governmental and enterprise funds apply to the primary government as a whole, and as such, this information will be presented in the Annual Comprehensive Financial Report of the State of New Mexico.

Information concerning the net pension liability, pension expense and pension-related deferred inflows and outflows of resources of the primary government will be contained in the Annual Comprehensive Financial Report and will be available, when issued, from the Office of the State Controller, Room 166, Bataan Memorial Building, 407 Galisteo Street, Santa Fe, New Mexico, 87501.

NOTE G - POSTEMPLOYMENT BENEFITS - STATE RETIREE HEALTHCARE PLAN (RHCA)

The NMETB, as part of the primary government of the State of New Mexico, is a contributing employer to a cost-sharing multiple-employer defined benefit postemployment health care plan that provides comprehensive group health insurance for persons who have retired from certain public service positions in New Mexico. The other postemployment benefits (OPEB) Plan is administered by the Retiree Health Care Authority of the State of New Mexico. Overall, total OPEB liability exceeds OPEB Plan net position resulting in a net OPEB liability. The state has determined the State's share of the net OPEB liability to be a liability of the State as a whole, rather than any agency or department of the State and the liability will not be reported in the department or agency level financial statements of the State. All required disclosures will be presented in the Annual Comprehensive Financial Report of the State of New Mexico.

Information concerning the net liability, benefit expense, and benefit-related deferred inflows and deferred outflows of resources of the primary government will be contained in the State of New Mexico Annual Comprehensive Financial Report for the year ended June 30, 2021 and will be available, when issued, from the Office of the State Controller, Room 166, Bataan Memorial Building, 407 Galisteo Street, Santa Fe, New Mexico, 87501.

NOTE H - PROGRAM FEE REVENUES

During fiscal year 2021, NMETB received an annual state administrative fee charged to each Plan. The fee was .08% and .05% of the average daily net assets of the Plan for Scholar's Edge and The Education Plan, respectively. The fee is accrued daily and paid monthly to NMETB.

NOTE I - RELATED PARTY INFORMATION AND FEES

Administration. NMETB is administratively connected to the New Mexico Department of Higher Education (NMHED). In accordance with the state statute, the Chair of the Education Trust Board is the designee of the Cabinet Secretary of the Department of Higher Education.

Expenses. The Plans of the fiduciary fund bear certain ongoing fees, which are charged against the assets of the Portfolios, to provide for the cost associated with the distribution, servicing, and administration. There are also indirect fees and expenses of the Underlying Investments in which the Portfolios invest. In addition, there may be certain fees and expenses the NMETB may impose from time to time. The NMETB may change or add new fees at any time.

EDUCATION TRUST BOARD OF NEW MEXICO

NOTE I - RELATED PARTY INFORMATION AND FEES (continued)

Program Management Fees. The Portfolios pay an annualized fee on the average daily net position of the Plans of the fiduciary fund. The Scholar's Edge Portfolios paid an annualized program management fee of .20%, and The Education Plan paid an annualized fee of .05% to the program manager, Ascensus.

Scholar's Edge Fees and Charges

Class A Units

Sales Charges. Class A and Class C Units are subject to sales charges. Class A Units are subject to a maximum initial sales charge of 3.50% on the amount invested. Class C Units are subject to a maximum Contingent Deferred Sales Charge (CDSC) of 1.00% if they are redeemed within one year of purchase. Class R Units are not subject to any sales charges. Sales charges may be reduced or waived in certain limited circumstances.

Automatic Conversion of Class C Units to Class A Units. Class C Units are automatically converted into Class A Units five years after the date of purchase, at which time such Units become subject to the Total Annual-Asset Based Fees for Class A Units. The automatic conversion is not subject to any initial sales charge or CDSC.

Class R Units. Class R Units are not subject to an initial sales charge or a CDSC. Nor are Class R Units subject to a Distribution and Service Fee. Class R Units are not subject to any sales charges through the Plan. Class R Units are designed for use in fee-based accounts through qualified registered investment advisors or selling agents who buy through a broker/dealer in advisory accounts. The fees associated with fee-based accounts are determined separately between you and your Financial Advisor and are not a feature of or affiliated with Scholar's Edge. Class R Units may be sold by selling agents that charge brokerage commissions and other transaction-related fees directly to their clients. These commissions and fees are not a feature of or affiliated with Scholar's Edge. You should ask your Financial Advisor about whether it charges brokerage commissions or other fees related to the purchase of Class R Units.

NOTE I - RELATED PARTY INFORMATION AND FEES (continued)

Contingent Deferred Sales Charge (CDSC)

Class A Units. A maximum CDSC of 1.00% may be charged if Class A Units that were not subject to an initial sales charge are redeemed for a Qualified or Non-Qualified Distribution within 18 months of purchase. The CDSC on such Class A Units will be waived on any amount attributable to investment gains. The CDSC on such Class A Units will also be waived if the distribution is made as a result of the death or Disability of either the Account Owner or the Beneficiary. The CDSC is calculated using the lower of cost or market value of Units redeemed.

Class C Units. If Class C Units are redeemed for a Qualified or Non-Qualified Distribution within one year of purchase, a maximum CDSC of 1.00% may be charged. The CDSC on Class C Units will be waived on any amount attributable to investment gains. The CDSC on Class C Units will also be waived if the distribution is made as a result of the death or Disability of either the Account Owner or the Beneficiary. The CDSC is calculated using the lower of cost or market value of Units redeemed.

Distribution and Service Fee

Class A and C Units. Class A and C Units for each Portfolio are subject to an ongoing annual Distribution and Service Fee of 0.25% and 1.00%, respectively. PFD receives the Distribution and Service Fee to support the marketing and sale of Scholar's Edge and as compensation for services that PFD provides to the Plan. PFD uses amounts received from the Distribution and Service Fee to pay third parties, such as your Financial Advisor, that provide distribution, marketing, and related services. This Fee is accrued daily and is factored into a Portfolio's Unit Value.

Class R Units. Class R Units are not subject to a Distribution and Service Fee.

NOTE J - INCOME TAXES

The Plans of the fiduciary fund were established under Section 529 of the Internal Revenue Code, which provides that all Portfolios within the Plans shall be exempt from income taxes. Therefore, no federal income tax provision is required. Individual account owners may be subject to federal income tax under certain conditions.

NOTE K - COMPENSATED ABSENCES

Certain amounts of vacation and sick pay earned and not taken are obligations of NMETB and recorded as payables. Sick leave accumulated in excess of 600 hours, not to exceed 120 hours, is payable semiannually at a rate equal to 50% of the employee’s hourly wage. Upon termination, vacation pay up to 240 hours becomes immediately payable. Vacation in excess of 240 hours and the first 600 hours of sick leave are forfeited upon termination. Upon retirement, sick leave is limited to 400 hours accumulated in excess of 600 hours at the 50% hourly rate. Accrued vacation and sick pay is recorded as a liability, and the net change during the current year is recorded as an expense in NMETB’s enterprise activities.

A summary of changes in accrued vacation and sick pay is as follows:

	2020	Additions	Deletions	2021
Compensated absences	\$ 23,654	11,964	(8,577)	\$ 27,041

Of the balance outstanding at June 30, 2021, the full amount of \$27,041 is estimated to be due within one year.

NOTE L - RISK MANAGEMENT

The NMETB, as a state agency defined in the New Mexico Tort Claims Act, is insured through the Risk Management Division of the New Mexico General Services Department. The Office of Risk Management Division pays annual premiums for coverage provided in the following areas:

- Liability and civil rights protection for claims made by others against the State of New Mexico;
- Coverage to protect the State of New Mexico's property and assets; and
- Fringe benefit coverage for the State of New Mexico employees.

NOTE M - STATE GENERAL FUND INVESTMENT POOL

As provided for in Section 8-6 of the New Mexico Statutes Annotated 1978, the State Treasurer shall receive and keep all monies of the State, except when otherwise provided, and shall disburse the public money upon lawful warrants. The State Treasurer’s Organization (STO) acts as the State’s bank. Agency cash receipts are deposited with STO and pooled in a State Investment Fund, when amounts are greater than immediate needs they are placed into short-term investments. When agencies make payments to vendors and employees they are made from this pool and their claims on the pool reduced.

NOTE M - STATE GENERAL FUND INVESTMENT POOL (continued)

The comprehensive cash reconciliation model which compares aggregated agency claims on the State General Fund Investment Pool to the associated resources held by the New Mexico State Treasurer's Office (NMSTO) has been completed for fiscal year 2021. This process has been previously reviewed and is analyzed annually, by the Independent Public Accountants performing audits of the General Fund, the Department of Finance and Administration, and the State of New Mexico's Annual Financial Report. These reviews have deemed the process sound and the Department fully compliant with reconciliation requirements. The NMSTO provides the following assertions:

- 1) As of June 30, 2021, resources held in the pool were equivalent to the corresponding business unit claims on those resources.
- 2) All claims as recorded in SHARE shall be honored at face value.

NOTE N - CONTINGENCY

Beginning in early 2020, governments and central banks reacted to the COVID-19 pandemic with monetary interventions designed to stabilize economic conditions. In addition, treatments to prevent the illness or reduce the severity of the illness were rapidly developed and released. As a result of these developments world markets substantially recovered during the fiscal year 2021. The fiduciary funds had an increase in net position during the fiscal year mainly due to an increase in the fair market value of investments. Nevertheless, the duration and extent of the impact of the COVID-19 outbreak, as well as the continued effectiveness of government and central bank responses, remains unclear at this time. Any work disruptions experienced by NMETB have been mitigated by instituting work-at-home and staggered office hours and other work-flow processes.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Education Trust Board of New Mexico and
Mr. Brian Colón, Esq., New Mexico State Auditor
Santa Fe, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the aggregate remaining fund information of Education Trust Board of New Mexico (the Board), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements, and have issued our report thereon dated October 29, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Board's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board of Directors
Education Trust Board of New Mexico and
Mr. Brian Colón, Esq., New Mexico State Auditor

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Board's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
